

At The Field 9

9/17

VP Dave Mitchell procured this PT-17 from another club member and put some TLC on getting it ready for flight. It is a Great Planes ARF with an OS BX1 – 1.08 2 stroke engine with an onboard glow driver.

HCRCC

The Stearman flew great during Dave's initial flight this morning with plenty of power and everything worked smoothly as designed. The plane looked impressive in its three flights today.
