

At The Flying Field 7/7/21

“D” *McKnight* was at the field today with a big time WarBird. Seems he traded one of his planes for this Hangar 9 P-47 Thunderbolt 150. Built by another RC pilot but never flown, “D” took it to Hodges Field recently to have plenty of room for its maiden flight. Sporting a DLE 55 this “Jug” lived up to its hype today!
